Further integrations on request

<sup>1</sup> The version is generally supported, but issues are fixed only if they occur in the verified versions.

<sup>2</sup> The integration works with Windows 11, but not all related applications are compatible with it. Check the application on the vendor website for compatibility.

<sup>3</sup> LA (Limited Availability): This integration is technically mature but has not been thoroughly tested. Issues can be fixed easily.

<sup>4</sup> SA (Service Availability): This integration is only available as a project solution.
